

Population – revision

1. What is the number of inhabitants living in the world nowadays?
 2. How many people have lived in the world since the beginning of our civilization?
 3. Give 3 examples of positive factors encouraging population growth. Explain their impacts.
 4. Give 3 examples of negative factors decreasing population growth. Explain their impacts.
 5. What is Neolithic revolution?
 6. When did population started to grow very, very rapidly?
 7. What is industrial revolution?
 8. Give 2 examples of factors that accelerated population growth during industrial revolution.
 9. Choose a problem related to rapid population growth and explain its impacts.
 10. What is life expectancy?
-
11. Which continent is the most populous?
 12. Which continent is the least populous?
 13. Define the term population density.
 14. What is the average population density for the whole world?
 15. What is the average population density of Slovakia?
 16. Which areas of the world are the most densely populated?
 17. Which areas of the world are the most sparsely populated.
 18. Locate 5 populous countries on the map of Asia.
 19. Which areas do people live in? Explain why and give examples.
-
20. Why do women exceed men population in developed countries?
 21. Draw and describe progressive population pyramid and give an example of country.
 22. Draw and describe stationary population pyramid and give an example of country.
 23. Draw and describe regressive population pyramid and give an example of country.
 24. Outline the distribution of white race.
 25. Outline the distribution of yellow race.
 26. Outline the distribution of black race.
 27. Which language family is the largest one?
 28. Give 3 examples of languages within Slavic language group.
 29. Give 3 examples of languages within Germanic language group.
 30. Give 3 examples of languages within Romanic language group.
 31. Which Asian countries have the lowest literacy rate? Give 2 examples and locate them on the map of Asia.
 32. Which African countries have the lowest literacy rate? Give 2 examples and locate them on the map of Africa.

33. Which nations are the most populous?
 34. Outline the distribution of Christianity in the world.
 35. Give 2 examples of typical Roman Catholic.
 36. Give 2 examples of typical Protestant countries.
 37. Outline the distribution of Islam in the world.
 38. Give 2 examples of typical Muslim countries.
 39. Which country is Hinduist?
 40. Where can we find Buddhists mostly?
-
41. Why is population so dynamic part of socio-economic sphere?
 42. Define the birth rate.
 43. What is the average birth rate for the whole world?
 44. Give 2 examples of factors influencing birth rate.
 45. Define the death rate.
 46. What is the average death rate for the whole world?
 47. Give 2 examples of factors influencing death rate.
 48. Define the population growth rate.
 49. Give 2 examples of countries with the highest population growth rate.
 50. Give 2 examples of countries with the lowest population growth rate.
 51. What is the difference between natural increase and natural decrease of a population?
 52. Explain the demographic principle of war.
 53. Compare the population growth rate (%) according to the following information:
 - a) BR = 50 ‰, DR = 25 ‰
 - b) BR = 38 ‰, DR = 17 ‰
 - c) BR = 10 ‰, DR = 12 ‰
-
54. What is the difference between migration and commuting?
 55. What is the difference between temporary and permanent migration?
 56. Draw and describe the difference between immigration and emigration in a region.
 57. Who are emigrants?
 58. Who are immigrants?
 59. Give 2 positive factors influencing migration.
 60. Give 2 negative factors influencing migration.
