

Revision of population

1. What is demography?
2. Why do people live within a belt 500-1000 km off the sea?
3. Why do people live within altitude of 500 m asl.?
4. Why do people live mostly in northern hemisphere?
5. Give 3 examples of the most favourable locations of people to live and tell why.
6. Give 3 examples of the most disadvantageous locations of people to live and tell why.
7. Define the term population density.
8. Which regions in the world are the most populous? Locate them on the map.
9. Define the term population growth.
10. What's the result of doubling population in shorter time?
11. Where is the population growth the fastest? Give 3 examples of such countries.
12. Will the natural resources of the planet be able to feed all the population?

13. Explain where men prevail in the world compared to female population.
14. Give 2 factors influencing different share of men/women in a population.
15. Draw progressive type of population pyramid, estimate life expectancy, describe ratio between elderly and young age groups and give an example of a country with such a population.
16. Draw stationary type of population pyramid, estimate life expectancy, describe ratio between elderly and young age groups and give an example of a country with such a population.
17. Draw regressive type of population pyramid, estimate life expectancy, describe ratio between elderly and young age groups and give an example of a country with such a population.
18. Which countries is the ageing of population typical for?
19. Do you think the ageing of population will be overcome also by the Vietnamese, for example?
20. Outline the distribution of caucasoid race in the world.
21. Outline the distribution of negroid race in the world.
22. Outline the distribution of mongoloid race in the world.
23. Who is a mulatto?
24. Who is a mestizo?
25. Who is a zambo?
26. Who is a creole?
27. Who is a malagasy?
28. Give 4 examples of language groups within Indo-European language family.
29. Give 4 examples of languages within Slavic language group.
30. Give 4 examples of languages within Romanic language group.
31. Give 4 examples of languages within Germanic language group.
32. Give 2 examples of languages within Ugro-Finnish language group.
33. Which countries in the world experience the highest illiteracy rate? Give 3 examples.
34. Outline the distribution of Christianity in the world.
35. Outline the distribution of Buddhism in the world.
36. Outline the distribution of Hinduism in the world.
37. Outline the distribution of Islam in the world.
38. Which country is typical Shintoist country?
39. Where can we find animist religions in the world?
40. What's the official estimated share of atheists in the world's structure of population?

41. Draw and describe the DTM.
42. Give 2 examples of countries which belong to each of the stages in the DTM.
43. Do you think Slovakia will meet some problems with immigrants?

44. Give 2 factors increasing birth rate within a nation.
45. Give 2 factors decreasing birth rate within a nation.
46. Give 2 factors increasing death rate within a nation.
47. Give 2 factors decreasing death rate within a nation.
48. Analyze the following population pyramid.
49. What is the baby boom?
50. What is the difference between inherent and acquired characteristics of a population?

51. Explain the difference between natural and mechanical movement of population.
52. Explain the difference between permanent and temporary migration.
53. Explain the difference between international and internal migration.
54. Give 3 examples of pull factors influencing migration.
55. Give 3 examples of push factors influencing migration.
56. Outline the migration within Slovakia.
57. What is the origin of people who migrate nowadays to Ireland or the UK?
58. Give 2 examples of push and pull factors of you living in your chosen country.

59. What is the population control in China like?
60. Compare different approaches to controlling the population growth in China and Mauritius.
61. Can we apply the same principles of population growth control found in China also in Slovakia?

62. Outline gender inequalities in the world.
63. Give 2 examples of countries where women are oppressed the most.
64. According to the following data:
 - a. $N(B) = 250\ 000$
 - b. $N(D) = 200\ 000$
 - c. $N(W15-40) = 100\ 000$
 - d. $P(N) = 15\ 000\ 000$
 - e. Count total fertility rate.
 - f. Count crude birth rate.
 - g. Count crude death rate.
65. Give 2 economic benefits and costs of you having a child.
66. Give 2 social benefits and costs of you having a child.
67. How would you support the family growth.
68. What changes birth rates?
69. What is a life expectancy?
70. What is the difference between crude birth rate and total fertility rate?
71. Which factors influence mortality rate?
72. Give 3 examples of countries with the highest infant mortality rate.

73. Do you think refugees should be helped? Why/why not?
74. How would you support refugees if you were prime minister in Slovakia?
75. Give 3 examples of countries with the highest number of refugees there.
76. Where does majority of refugees come from?
77. What is UNHCR?
78. What problems do refugees suffer from?
79. Give 2 potential problems linked with poor hygiene in refugee camps.
80. Why are refugees forced to leave their country of residence?
