

NEOLITHIC AGE

10 000 BC an extraordinary change took place. It was the end of **the Ice Age** and it became warmer. People found better conditions to start growing crops. That was the beginning of **the Neolithic Age** or **New Stone Age**.

1. What changes appeared in the Neolithic Age?

2. What is the Neolithic Revolution?

3. Complete the following grid. Compare the Paleolithic Age to the Neolithic Age.

	the Paleolithic Age	the Neolithic Age
